

Literacy (Language Arts) –

(We are using the same site; however, I have **2 new readings** for you)

Visit Readworks at:

<https://www.readworks.org/>

Go to “Student Log in”.

In “Enter Class Code”, use **E65QRZ**. “Enter”

Find your name and use the password: **1234**.

. When you get to the site you will see 2 reading passages assigned for the week: “Self Help” (non-fiction) and “Temporary Employment” (fiction).

Important to Remember:

- We always read texts from beginning to end at least twice to make sure we understand.
- I suggest you take a look at “**Vocabulary**” at the top to see in advance any potentially difficult words
- When you are done your reading, there is a “**Questions**” set (top of page) to do. Your responses will be recorded for me to see.
- * On the top of each reading there is an option to listen to the text aloud. I suggest you try to read through it at least once first and then read along the second time.

Reminder: Don't forget your additional daily reading!
