

LA Week 6

Focus – Reading, Oral

Reading

Go to “News in Levels” – Read 5-7 articles – choose the reading level: 1, 2 or 3 that you deem your level (send me a list of the articles you read and rank them from 1-5 or 1-7 with 1 being the most interesting...)

Oral

. Select a piece of text to read out loud. Text can be anything (appropriate) but if you cannot decide, just use an article from News in Levels. Looking for a minimum read time of 20 seconds.

- Do some of your own research about oral presentations: learning videos, presentations etc...

. Practice several times with attention to pronunciation, enunciation, fluidity, volume and eye contact/look up. **Take a video of yourself and send it to me.** (This activity is inspired by Aaron Hutchinson).

- When you complete this, 2 things to hand in...

- 1) List of articles – ranked
- 2) Video of self reading
