

Home Learning – Week of April 6th – April 10th, 2020

We hope you are all doing well and look forward to hearing from you. Feel free to reach out with an email and we will reply. We are thinking of all of you and can't wait to get back to school. <3

Mrs. Cleland – sandra.cleland@nbed.nb.ca

Mrs. Cormier – patti-jo.cormier@nbed.nb.ca

Mme Doucet – lilianne.doucet@nbed.nb.ca

Mme McLellan – krissy.mclellan@nbed.nb.ca

****If you have an instagram account, please follow mahi_mahi_sms. If you have an obscure username please send me an email so I accept your follow request. 😊**

IMPORTANT NOTE from Mrs. Chaisson :
Hello SMS students!

I hope everyone is keeping healthy, both physically and mentally. I know that some of us may be feeling down or frustrated these days! If you feel that you need help managing or have questions or concerns about our current situation please feel free to e-mail me! I will also be updating my teacher page on the SMS website. This will include: websites to get real information, mental and physical health tips, phone numbers and websites where you can access counselling. Remember, your SMS family is thinking about all of you!

Mrs. Chaisson - Nicole.chaisson@nbed.nb.ca

Math – Complete the PowerPoint Part A for PR2

***You can submit your completed work in the form of a document through email or send a picture of your work if you do it paper pencil.**

Mme Kenny's Math - IXL for 75 minutes a week (about 15 minutes a day)
DreamBox for 75 minutes a week (about 15 minutes a day)

Literacy (Language Arts) – Visit the *Scholastic Learn at Home* website:

<https://classroommagazines.scholastic.com/support/learnathome.html>

Choose grades 6-9 and begin by **choosing one reading** from the **Week 1 – Day 1** choices. (There are four texts to choose from each day.) **If you find the text too difficult go back and choose grades 3-5 and follow the same steps.** At the end of the week you will have read 5 texts on various topics. You will see there is a writing assignment at the end of each of the texts. You need to **choose one writing assignment from the week’s readings to complete.**

Important to Remember:

- We always read texts from beginning to end at least twice to make sure we understand.
- Writing assignments should have a draft and then a final copy. (This may be done on the same document but means that you have gone over your writing and read out loud and made any necessary changes. Do not forget the basics – capitalization, punctuation, sentences!
- An “essay” response needs to be at least 3 paragraphs (a beginning, a middle and an end) but can be more. A paragraph needs to be 5 – 8 sentences. (Sentences need punctuation and should be different lengths.)
- On the side of each reading there is an option to listen to the text aloud. To do this, click on “Text-to-speech”. I suggest you try to read through it at least once first and then read along the second time.

***You can submit your completed work in the form of a document through email or send a picture of your work if you do it paper pencil.**

STEAM (Science Technology Engineering Art and Mathematics) – Check out the document - **Week 1 STEAM Challenge**

When you complete the challenge we hope that you can take pictures and send them via email or tag us on instagram. We will post them to our SMS Facebook page if we have your permission. Be creative. Don’t forget to follow the guidelines and complete the written portion as well.

***You can submit your completed work in the form of a document through email or send a picture of your work if you do it paper pencil.**

Physical Education – This week keep a P.E. journal. Starting Monday April 6th write down all of the physical activities you do each day. Examples may be walking the dog, shooting hoops in your driveway (if it is not covered in ice), skipping, jogging, walking or jogging on a treadmill, sit-ups, jumping jacks, dancing, yoga, etc... Do your regular activities and track how much

movement you get in on a regular basis. The journal this week is to get a baseline and after this week the challenge will be to continually improve. Get Active!

***You can submit your completed work in the form of a document through email or send a picture of your work if you do it paper pencil.**

Le français – Parle avec un membre de ta famille ou un(e) ami(e) pendant 15 minutes chaque jour. Face à face ou avec la technologie, discute ta journée, un évènement, une lecture ou même un autre travail.

Art- Art Journal Entry #1- **Sunshine, Symmetry and Scale-** Combine these Art Elements and add some sunshine! Symmetry - means that both sides of your paper are similar. Scale - means the size of the objects. USE COLOUR! Fill your page with a picture showing all of these things - Be Creative! An example of this journal entry is on my Teacher page and my **Twitter** account @STUDIO628.

We miss you all and hope that you are doing well during this unprecedented time. Keep active and make sure to get enough sleep. These are important for our mental and physical wellbeing. If you need anything feel free to reach out and we will do our best to help in any way we can or to try to get you in touch with someone who is able to meet your needs. We look forward to hearing from you.

Your Mahi-Mahi teachers <3
