

Remembrance Day

Remembrance Day, on November 11th, marks the anniversary of when WWI ended. It ended on November 11th, 1918 at 11:00 am which is why many people hold a 2 minute silence at 11:00 am on this day. Remembrance Day gives us a chance to remember those who fought and those who lost their lives during wars and honour their memories. It makes sure we never forget the past and to be thankful for the freedoms we have today because of these men and women.

Part of our Remembrance Project we started before home learning was to study and analyze Heritage Minutes. So for your task for tomorrow (Remembrance Day) and Friday, we ask that you...
